

White Ash Lumber

DISTRIBUTION

Widespread throughout Eastern U.S.

GENERAL DESCRIPTION

The heartwood is a light to medium brown color. Sapwood can be very wide and tends to be a beige or light brown; not always clearly or sharply demarcated from heartwood.

WORKING PROPERTIES

Produces good results with hand or machine tools. Responds well to steam bending and glues, stains and finishes well.

PHYSICAL PROPERTIES

White Ash has excellent shock resistance and is commonly used for shovels and hammers where toughness and impact resistance is important.

AVAILABILITY

Readily available.

MAIN USES

Flooring, millwork, boxes/crates, and turned objects such as tool handles.
