

ACRE™ by Modern Mill

The Perfect Wood Alternative for both Commercial and Residential Applications

ACRE™ sheets are the perfect medium for executing your ideas. This revolutionary material offers the look and feel of wood, and it can be cut, curved, shaped and molded to fit countless applications, both exterior and interior. It's also easy to care for and guaranteed to last.

Some features include:

- Lasting beauty, incredible performance and lasting sustainability.
- ACRE™ is a green and game changing building material with the look and feel of real wood.
- It's light, strong and guaranteed to resist water, rot, pests, weather, cracking or splintering with a lifetime limited guarantee.
- ACRE™ is made from upcycled rice hulls without harming a single tree in a zero-waste facility in Fernwood, Mississippi.
- It's easy to work with, compatible with regular woodworking tools and is paintable and stainable.
