

AetnaPly Cabinet Liner

Product Information

Available in black or white, with one or two-sided lamination, our Cabinet Liner plywood features a poplar and mixed Araucaria core and is a highly sought-after alternative to particleboard or melamine core laminates. High-pressure laminate (HPL) over an Araucaria veneer gives this ready-to-use panel an attractive finished surface that is smooth and clean.

Applications

Most often used in cabinet box construction, Cabinet Liner is also ideal for case and shelving applications in a variety of fixtures and furniture pieces that can be found in a variety of settings like hospitals, doctors' offices, and schools to name a few.
