START WITH A PREMIUM FINISH.

Elevate the look and feel of authentic woodgrains with four premium finishes, including the brand-new Silken Wood (-17) finish. Silken Wood is a remarkable addition that revolutionizes luxury matte surfaces on the market with a silky touch and striking visual features. Choose any of our luxury textures to highlight subtle woodgrain movement — while still allowing interior décor to stand out.

NEW SILKEN WOOD (-17)

A luxurious matte finish that provides a silky touch. This tactile quality is paired with intriguing visual features found in a quarter sawn grain structure, like open or dense ticking in linear arrangements.

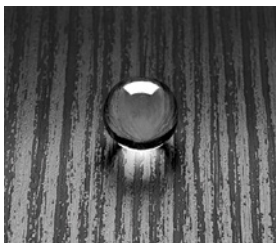

TIMBERGRAIN (-05)

A low-sheen finish paired with dimensional, realistic ticking that offers warmth and authenticity.

RIDGEWOOD (-79)

An overall matte finish with ridged dimensional characteristics, creating a gentle linear woodgrain effect.

GLOSS LINE (-28)

A linear woodgrain texture with varied widths of narrow grain structures in an alternating mix of matte and gloss surface areas.

UP-TO-DATE TRENDS. UPSCALE STYLE.

The LUJO® Collection delivers your vision for trending luxury and embraces the rise of New Nature design, or the idea that modernism should be guided by wood looks and natural textures. Create Crafted Calm spaces that offer a rustic ambiance. Fresh Heritage spaces that update a countryside aesthetic. Dark and Moody spaces that exhibit dramatic color contrast. Or in commercial environments, woodgrain accents offer an Escapist Luxury to synthesize the feelings of home and hospitality.
