SALICE LINEABOX

Salice's Linebox metal drawer box system offers clean, simple lines with minimal wall thickness to maximize internal space. Streamlined aesthetics uncluttered with holes or assembly components. Metal drawer assembly is rapid without the need for machines or templates. Fluid, silent and progressive sliding movement, thanks to full-extension runners.

Lineabox can be used with Salice's Futura and F70 full-extension runners.

Lineabox Drawer System is available in white and gray. Stainless Steel is also available as a special order.
