

AraucoPly® plywood is 100% wood to provide your projects with a warm natural look and the strength and durability of plywood.

AraucoPly is Radiata Pine plywood manufactured with phenolic resin in accordance with international product standards. It's ideal for interior and exterior applications as furniture, decorative paneling, industrial projects and construction.

Quality

AraucoPly's exceptional quality, superior appearance, flatness, durability and dimensional stability are ensured through ARAUCO's rigorous standards of sustainable forest management, log selection, and process control. AraucoPly panels are made from pruned, sustainably grown Radiata pine logs for fewer knots and clean, uniform, light-colored faces that finish beautifully and consistently. For flatness and stability, AraucoPly panels are laid up on composed cores using exterior phenolic (PF) resin.

Veneer from pruned, plantation-grown, Radiata pine logs is used to make the face of AraucoPly® panels, resulting in a knot-free, uniform, light-colored surface that finishes beautifully and consistently. AraucoPly delivers the warmth of natural wood to any visible application.

✓ AC Exterior Sanded

- 150/120 grit sanding
- Composed Core
 - 1/4" & 11/32" - 3ply
 - 15/32" & 19/32" - 5ply
 - 23/32" -7ply , 31/32" - 9ply
- 6 or fewer wood patches per face
- 6 or fewer syn repairs per face
- PS1 Underlayment stamped

✓ Applications

- Casework, DIY projects, soffits, trailer liner, underlayment, radiant floor heating

- ✓ Pruned logs = Fewer face repairs
- ✓ 150/120 grit finish sanding = Excellent Paintability
- ✓ Thick face veneers = Easier damage touchup onsite
- ✓ Composed core = Better Screw Holding, Fewer Voids
- ✓ Additional plys = Better Stability
- ✓ US PS1-09 Graded by TPI
 - ✓ CARB P2 /TSCA IV Exempt
 - ✓ FSC Available
- ✓ Product Versatility
 - ✓ Paintgrade, Interior & Exterior Applications, Lamination, Industrial/DIY
 - ✓ Underlayment rated
